INFORMATION DISCLOSURE STATEMENT

Sir:

Submitted herewith is a copy of the Answer to Complaint for Patent Infringement, Affirmative Defenses and Counterclaims ("Answer"), submitted to the Court in connection with the civil action for patent infringement discussed in the prior Information Disclosure Statement mailed September 22, 2006. In the Answer, Defendants allege that Applicant's original U.S. Patent No. 6,440,392 is invalid and unenforceable for a large number of reasons. See, for example, pages 11-15 of the Answer.

Because the enclosed document has been known to applicant for less than three months, no fee is believed due. However, if any fee is due, the Office is authorized to charge Deposit Account No. 15-0700. The U.S. patent attached as an exhibit to the Answer is not a new

reference, but is instead Applicant's original patent of which the present application is a reissue application.
